

Video delivery walkthrough/tour

<input checked="" type="checkbox"/>	Section	Action	Item	Summary
<input type="checkbox"/>	Manuals	Obtain	Manuals	<p>Confirm location and availability</p> <p><input type="checkbox"/> Mercedes</p> <p><input type="checkbox"/> Storyteller</p> <p><input type="checkbox"/> Other</p>
<input type="checkbox"/>	Service	Question	Dealer inspection	<p>Were any defects found during pre-delivery inspection?</p> <p>What actions were taken to fix?</p>
<input type="checkbox"/>	Service	Question	Warranty service	<p>What is the warranty, warranty service process, and start date of warranty?</p> <p>Where are the closest MB Sprinter service centers?</p>
<input type="checkbox"/>	Technology	Install	Connections & Apps	<p><input type="checkbox"/> Van Bluetooth</p> <p><input type="checkbox"/> CarPlay</p> <p><input type="checkbox"/> Mercedes Benz Connect Me</p> <p><input type="checkbox"/> Lithionics</p> <p><input type="checkbox"/> Other</p>
<input type="checkbox"/>	Cab	Learn	Dashboard	<p><input type="checkbox"/> SOS</p> <p><input type="checkbox"/> Anti-theft</p> <p><input type="checkbox"/> Radio</p> <p><input type="checkbox"/> Warning lights</p> <p><input type="checkbox"/> TPMS & confirm w/in range</p> <p><input type="checkbox"/> DEF/ continuous monitoring/ full</p> <p><input type="checkbox"/> Other</p>
<input type="checkbox"/>	Cab	Learn	Parking brake	<p><input type="checkbox"/> Engage and disengage</p> <p><input type="checkbox"/> Pivot brake down so can swivel driver seat</p>
<input type="checkbox"/>	Cab	Locate	Wheels	Bottle jack and tire changing tools
<input type="checkbox"/>	Cab	Test	Front seats	<p><input type="checkbox"/> Both seats turn fully around without rubbing</p> <p><input type="checkbox"/> No rubbing when moving fully forward or fully backward</p>
<input type="checkbox"/>	Cab	Test	Headlights	<p><input type="checkbox"/> Alignment</p> <p><input type="checkbox"/> DRL on in auto mode</p>

<input type="checkbox"/>	Exterior	Inspect	Doors	<input type="checkbox"/> Proper alignment, closure, rubber seal, squeaks and rattles <input type="checkbox"/> Test drive to validate
<input type="checkbox"/>	Exterior	Inspect	Body/paint	<input type="checkbox"/> Scratch/dings <input type="checkbox"/> Storyteller stripes and logos
<input type="checkbox"/>	Exterior	Inspect	Windows	<input type="checkbox"/> Chips/cracks <input type="checkbox"/> Proper closure <input type="checkbox"/> Rubber seal
<input type="checkbox"/>	Exterior	Inspect	Ladder	<u>Stability and attachment</u>
<input type="checkbox"/>	Exterior	Inspect	Roof	<input type="checkbox"/> Solar plugged in (under roof rack by ladder) <input type="checkbox"/> No visible damage to solar panels <input type="checkbox"/> Overall stability <input type="checkbox"/> Sealant/potential leak spots <input type="checkbox"/> Rusty screws <input type="checkbox"/> Leftover screws from factory (loose) <input type="checkbox"/> No cracks at front corners of roof rack
<input type="checkbox"/>	Exterior	Inspect	Tires/wheels	Condition
<input type="checkbox"/>	Exterior	Question	Power steering	Is there an issue with the power steering clamp? What should we be looking for?
<input type="checkbox"/>	Exterior	Inspect	Outdoor table	Warps/delamination
<input type="checkbox"/>	Exterior	Locate	Outdoor shower	<input type="checkbox"/> Water pressure <input type="checkbox"/> Cold and hot water
<input type="checkbox"/>	Exterior	Test	Awning	<input type="checkbox"/> Opens full extension without gaps <input type="checkbox"/> Closes fully <input type="checkbox"/> Runner lights operative and without duds <input type="checkbox"/> Shake awning from rear of van to ensure secure attachment

<input type="checkbox"/>	Interior	Inspect	Refrigerator	<input type="checkbox"/> Confirm cold <input type="checkbox"/> Learn how/when to completely turn off
<input type="checkbox"/>	Interior	Inspect	Floors	Good adhesion, no bubbles or delamination
<input type="checkbox"/>	Interior	Inspect	Cabinets/drawers	<input type="checkbox"/> Upper cabinets stay open <input type="checkbox"/> Latches properly working for open and closing/not sticking <input type="checkbox"/> Drawer faces are firmly attached <input type="checkbox"/> Dovetail joints do not have cracks
<input type="checkbox"/>	Interior	Learn	Bed	<input type="checkbox"/> Learn how to latch/unlatch bed <input type="checkbox"/> Set up bed
<input type="checkbox"/>	Interior	Test	Outlets	<input type="checkbox"/> All 12v outlets <input type="checkbox"/> All 110v outlets <input type="checkbox"/> All USB plugs
<input type="checkbox"/>	Interior	Test	GrooveLounge	<input type="checkbox"/> Check front/side/back panels to ensure properly fastened/no play <input type="checkbox"/> Convert from ride to lounge to bed <input type="checkbox"/> Locate safebox and instructions for resetting code <input type="checkbox"/> Locate glycol fill and understand process
<input type="checkbox"/>	Interior	Learn	Lagun table	<input type="checkbox"/> Assembly <input type="checkbox"/> Positions <input type="checkbox"/> Latching mechanisms <input type="checkbox"/> Storage
<input type="checkbox"/>	Interior	Locate	Fuse boxes	<input type="checkbox"/> Van fuse locations <input type="checkbox"/> Coach fuse locations
<input type="checkbox"/>	Interior	Learn	Control panel	<input type="checkbox"/> View water levels (full fresh/empty gray) <input type="checkbox"/> Cabin climate control <input type="checkbox"/> Cabin lights <input type="checkbox"/> Battery system <input type="checkbox"/> How to tell whether solar is charging/working
<input type="checkbox"/>	Interior	Test	Lights	<input type="checkbox"/> Cabinet <input type="checkbox"/> Garage <input type="checkbox"/> Individual lights
<input type="checkbox"/>	Interior	Learn	Heating & hot water	<input type="checkbox"/> Temperature setting for hot air and hot water <input type="checkbox"/> Furnace, thermostat, fan, and water pump
<input type="checkbox"/>	Interior	Test	MaxxAir vent	<input type="checkbox"/> Manual operation <input type="checkbox"/> Motorized operation
<input type="checkbox"/>	Interior	Test	Induction	Plug into internal and external outlet
<input type="checkbox"/>	Interior	Test	Microwave	Test function
<input type="checkbox"/>	Interior	Test	Air conditioner	<input type="checkbox"/> Coldest setting to drain battery <input type="checkbox"/> Location of filters

<input type="checkbox"/>	Interior	Locate	Lithionics system	<input type="checkbox"/> Where located <input type="checkbox"/> Fuse panel? <input type="checkbox"/> GFI breakers? <input type="checkbox"/> Other
<input type="checkbox"/>	Interior	Learn	Shore power	<input type="checkbox"/> How to connect to shore power <input type="checkbox"/> Transition from Lithionics to shore <input type="checkbox"/> How and when to adjust Amp setting
<input type="checkbox"/>	Interior	Test	Shore power	<input type="checkbox"/> Air conditioner via shore power <input type="checkbox"/> Microwave via shore power
<input type="checkbox"/>	Interior	Locate	Water system	<input type="checkbox"/> Water pump <input type="checkbox"/> Water filter <input type="checkbox"/> Siphon tube
<input type="checkbox"/>	Interior	Learn	Water system	<input type="checkbox"/> Winterization tips
<input type="checkbox"/>	Interior	Test	Hot water system	<input type="checkbox"/> Enable hot water system and confirm no leaks of coolant
<input type="checkbox"/>	Interior	Test	Sink	<input type="checkbox"/> Cold & hot water <input type="checkbox"/> Water pressure <input type="checkbox"/> Drainage <input type="checkbox"/> Drain pump <input type="checkbox"/> No leaks
<input type="checkbox"/>	Interior	Test	Indoor shower	<input type="checkbox"/> Cold and hot water <input type="checkbox"/> Water pressure <input type="checkbox"/> Drainage <input type="checkbox"/> Leaks <input type="checkbox"/> Hot water circulation
<input type="checkbox"/>	Test drive	Test	Lithionics	<input type="checkbox"/> Battery charges while driving

Information

- Shore power: Will want Amps at 10/15 to not blow fuse when plugged in to normal outlet
- VIN?
- Using idle power to charge?
- Enable hot water pump (system on; heating off; hot water on) – want to ensure no leaks in coolant system
- Glycol tank?
- When does inverter need to be on? Induction, 110v outlets, air conditioner, microwave
- How full does fuel tank need to be for heater to work?
- Gray water hose?

Additional notes:
